Time works wondrous changes. Thirty years ago Ironton celebrated the nation's centennial with a monster barbecue and picnic. In recalling that affair how few that participated are left. The young men of then are the old men of to-day, and the children then are middle aged men and women to-day. The celebration was held in Goulding's Park and the attendance was very large—probably the biggest affair of the kind ever held in the county.

It is easy enough to find fault and kick at everything and everybody. If there is anything on earth to be despised more than another, it is a chronic kicker, and the REGISTER does not desire to be classed as one. But the treatment accorded the Valley at the present time by the Iron Mountain railroad is certainly enough to ruffle the feathers of the most even tempered individual in the world. Last Tuesday a lady with a small babe left a station on the Helena

branch of the Iron Mountain road bound for Ironton. The Helena branch reaches the main line at Knobel, Arkansas, about thirty miles south of Poplar Bluff. There this lady boarded No. 4, the only day train that had not gone north. When she reached Piedmont she was made to leave the train and had to wait there until six o'clock Wednesday morning, when she was allowed to get on a slow train for Ironton. There was no other train she could take to make the journey, and yet the railroad company arbitrarily made her leave the train forty miles short of her destination and wait fifteen hours until another train comes along that suits the convenience of the company. It is outrageous and not to be tolerated. Can't the railway commission afford relief in such an instance as this?

Lost—A \$5 bill yesterday, between Arcadia and the drug store, Ironton. Finder please bring to this office and receive reward.

G. B. Burhans, of Carlisle Center, N. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." The attorneys for the Spaughs, in their efforts to secure a continuance at Centerville last month, alleged that they were in receipt of a letter from the prosecuting attorney of Randolph county, Illinois, wherein he stated that the missing witness, Schirer, had called on him and made a statement that he was at the depot waiting for a train the day Sheriff Polk was killed and that the sheriff went in the Spough home shooting. Since the Reynolds court Mr. Damron has communicated with the prosecuting attorney of Randolph county, Illinois, and he says that a man representing himself to be Schirer, did call on him some months ago and made the statements here attributed to him. Of course, if there is such a man as Schirer, he uttered what was wholly false, as can be substantiated by a number of creditable witnesses. The whole thing looks to us like a put-up job.

The celebration at Arcadia was a big thing. Not since the Centennial Fourth have I seen so great a number of celebrants assembled at any one time or place. The commodious park was filled with people bent on having a rational good time—and they had it. The weather was ideal 4th weather—the sky cloudless, except for an occasional floating island of snow-white vapor, high overhead; the breezes delightfully cool. There was music for the ear and the dance; barbecued meats, ice cream, soft drinks of all kinds, etc., for the grosser demands. Three addresses were given at the big tent, Rev. R. R. Jones, Judge F. M. Estes and Thos. L. Cannon being the orators. The speeches lacked the too, too common spread-eagle vaingloriousness, but were plain, practical and patriotic. I regret that I have neither space nor time for a resume thereof. The whole affair was successfully conducted in all its various parts. For this Mr. Louis Miller is entitled to and receives the thanks of all.
